

McNess 28% Bova Tubs™

Furst-McNess provides corn distillers grains with solubles in convenient tubs for beef cattle.

FEATURES

- ◆ 28% Protein
- ◆ All-Natural Protein
- ◆ 8% Fat for Energy
- ◆ Convenient & Portable Supplementation

Furst-McNess makes it convenient to feed dry distillers grains on the range with Bova Tubs™. You already know the advantages and cost savings of using distillers grains, and the tubs make it easier to feed your herd. Put the pre-filled tubs in the back of your pickup and take them where they're needed.
