

Booster Crumbles

Product Profile

Promote nursery health and performance

Key Benefits

- Promotes lifetime performance
- Free-flowing, even with high levels of milk and sugar products
- Contains digestible protein and carbohydrates the piglets need for successful transition from the sow.
- Eliminates bag handling
- Eases the transition in the gut to soy protein
- Very flexible inclusion levels based on the weight and health of the pigs
- Permits bulk feeding of starter rations
- Economical and practical

Product Description

- A high-quality crumble that utilizes some of the Furst-McNess nutritional technologies such as FURST PROTECT™, Gold Pro™, Wean Fuel® and more.
- Pre-starter not required
- Used in N1, N2 and N3
- Not a complete feed and should not be considered sole ration

Label Indications & Mixing Directions

- No label restrictions
- For mixing directions, please consult your Furst-McNess Sales/Technical Representative.

Packaging

- 50 pound (22.7 kg) bags
- 2000 pound (907.2 kg) totes
- Also available in bulk

Product Formulation

- Free-flowing crumble

Regulatory Status

- A crumble that uses only AAFCO-approved ingredients

Storage & Handling

- Store in a cool, dry place
- Avoid inhalation

Note: Always review Safety Data Sheet (SDS) prior to handling.

Booster Crumbles

Standard Operating Procedure

Step 1

Inspect all packaging to ensure all are intact.
50 pound bags with 40 bags per pallet or 2000 pound totes

Step 2

Store in a cool, dry place. Keep out of reach of children.

Step 3

Prior to use, put on appropriate Personal Protective Equipment (PPE), which may include, but not limited to:

- Eye/face protection
 - Safety glasses or chemical goggles
- Respiratory protection
 - If exposure limits are exceeded or irritation is experienced, NIOSH/MSHA approved respiratory protection should be worn
- Hearing protection
 - Earmuffs or ear plugs
- Head protection
 - Helmet, hood, hat, cap

Note: Review the Safety Data Sheet (SDS) before product use

Step 4

Weigh required amount of product to mix with corn and SBM

- For mixing directions, please consult your Furst-McNess Sales/Technical Representative.

Mix thoroughly prior to feeding to animals
