

McNess Bova Calf Cubes™

Feed dry distiller's grains with less waste

100% dry distiller's grains with solubles are available in 7/16" mini cubes. These convenient mini's can be fed to calves, sheep, goats and deer. This patented process creates a hard distiller's mini-cube that won't crumble.

McNess Bova Calf Cubes™ can be fed in a bunk or on the ground without wastage or wind losses.

	Guaranteed Analysis (As Is)	Typical Analysis (As Is)	Typical Analysis (Dry Matter)
Dry Matter		90.0%	90.0%
Crude Protein	28.0%	28.0%	30.0%
Crude Fat	8.0%	9.0%	10.0%
Crude Fiber	10.0%	10.8%	12.0%
Phosphorus	0.7%	0.81%	0.9%

Why Bova Calf Cubes over traditional range cubes?

- Less Waste
- High Energy
- High Protein
- High Phosphorus

Available in bulk truck loads, bags or totes.
