

# McNess Ruffage-Mate™

Specially formulated to provide protein, vitamins and minerals essential to the health of beef cattle.

McNess Ruffage-Mate products are designed to be fed to cattle on pasture. Blended to be highly palatable, the Furst-McNess nutritionists have developed Ruffage-Mate to be fed directly from the bag. The blended proteins in Ruffage-Mate provide an optimum rumen nitrogen profile for cattle consuming low-quality forages. With Ruffage-Mate, your cattle get cost-effective supplementation of protein, vitamins and minerals all in one easy-to-use package.

	Guaranteed Analysis (As Is)
Crude Protein	52.0%
Crude Fat (min)	3.2%
Crude Fiber (max)	5.0%
Calcium (min)	3.6%
Calcium (max)	4.6%

## RUFFAGE • MATE™

**Why Ruffage-Mate over other supplements?**

- High-quality ingredients
