

# Harmonize™

# Product Profile

## Essential timely protection from digestive upsets and stress

### Key Benefits

- Maintains feed intake during diet changes and challenges
- Modulates rumen pH and health
- Enhances fiber and starch breakdown
- Guards against hind-gut fermentation
- Aids digestion, nutrient absorption and energy utilization
- Balances gut microflora
- Defends gut barrier function and health
- Supports overall health and productivity

### Product Description

- A highly concentrated source of ingredients that symbiotically support rumen function, downstream gut integrity and overall health of cattle and calves during periods of stress, diet changes and digestive upset

### Packaging & Form

- 20 kilogram (44.1 pound) white multi-wall paper bags
- Beige fine meal texture with yeast aroma

### Storage

- Store in a cool dry place in original packaging
- Use within one year from date of purchase

Product Codes:

**260550** 50 pound bag

A targeted Resilience Program Solution

Harmonize™ includes Core Technologies provided by Micron Bio-Systems

### Features

- Internationally-proven live cell yeast
- Five select strains of probiotic bacillus
- Concentrated source of MOS and yeast metabolites
- Targeted fiber and starch-degrading enzymes
- Antimicrobial enzyme activities

### Feeding Rate

- Feed 5 to 10 grams per head per day blended into the TMR based on degree of challenge, age of animal and stage of lactation
- Consult your nutritional advisor for specific recommendations

### Typical Analysis

- Crude Protein, min 35%
- Crude Fat, min 1.0%
- Crude Fiber, max 4.0%
- Saccharomyces cerevisiae NCYC R404 @  $2.0 \times 10^9$  cfu/g
- Proprietary probiotic bacteria @  $6.0 \times 10^8$  cfu/g
