

# ATPsorb™

For all classes of swine

## Product Profile

## Energy Drives Growth and Drives Feed Conversion

### Key Benefits

- Enhances nutrient digestion
- Enhances nutrient absorption
- Improves gut health
- Reduces pulls and mortality
- Improves milk quality (nutritional and immunologically) to support improved piglet health
- Reduces maintenance nutrient requirements by reducing energy needed for digestion
- Reduces the amount needed of crude protein and added fat; due to better nutrient digestion and absorption
- Saves feed cost
- Environmentally sustainable nutrition

### Product Description

- A unique combination of lysophospholipids and several NSP enzymes, including xylanase and alpha galactosidase
- Proven from over 30 published university trials and field tests

### Packaging

- 50 lb (22.7 kg) bags
- 2000 lb tote

Product Code:

**687020** 50 lb (22.7 kg) bag

**187120** 2000 lb (907.2 kg) tote

### Product Formulation

- Free-flowing fine particle meal

### Label Indications & Mixing Directions

- Can be used in all diets
- Feeding Levels:
  - FOR NURSERY PIGS  
2 lbs/ton of complete feed
  - FOR GROW/FINISH  
1 to 2 lbs/ton of complete feed
  - FOR GESTATION/GILT DEVELOPER  
1 lb/ton of complete feed
  - FOR LACTATION  
2 lbs/ton of complete feed
- Can be used to replace fat
  - 1 lb of ATPsorb replaces 20 lbs of fat per ton
  - 2 lbs of ATPsorb replaces 40 lbs of fat per ton

### Regulatory Status

- Natural supplement that uses only AAFCO-approved ingredients
- Not for human consumption

### Storage & Handling

- Store in a cool, dry place
- Avoid inhalation

NOTE: Always review Safety Data Sheet (SDS) prior to handling.

## Step 1

**Inspect all bags or totes to ensure all are intact.**

- 50 lb bags with 40 bags per pallet
- 2000 lb tote

## Step 2

**Store in a cool, dry place. Keep out of reach of children.**

## Step 3

**Prior to use, put on appropriate Personal Protective Equipment (PPE), which may include, but not limited to:**

- Eye/face protection
  - Safety glasses or chemical goggles
- Respiratory protection
  - If exposure limits are exceeded or irritation is experienced, NIOSH/MSHA approved respiratory protection should be worn
- Hearing protection
  - Earmuffs or ear plugs
- Head protection
  - Helmet, hood, hat, cap

Note: Review the Safety Data Sheet (SDS) before product use

## Step 4

- Measure appropriate amount
- Feeding levels:
  - FOR NURSERY PIGS  
2 lbs/ton of complete feed
  - FOR GROW/FINISH  
1 to 2 lbs/ton of complete feed
  - FOR GESTATION/GILT DEVELOPER  
1 lb/ton of complete feed
  - FOR LACTATION  
2 lbs/ton of complete feed
- Can be used to replace fat
  - 1 lb of ATPsorb replaces 20 lbs of fat per ton
  - 2 lbs of ATPsorb replaces 40 lbs of fat per ton
